

## CAD import and export plug-ins for Rhino

CrossCad / Plg  
Cad conversion engine

### Import

ACIS  
CATIA V4 3D  
CATIA V5 3D  
CATIA V6 3D  
CGR  
Inventor  
JT  
Parasolid  
PLMXML 3D  
ProE / Creo  
Parametric 3D  
Solid Edge  
UG NX 3D

### Export

CATIA V4 3D  
CATIA V5 3D  
CGR  
JT  
Parasolid  
PDF 3D

### CAD Converters dedicated to Rhino

**12 CAD models import** and **6 export formats** are available. These plug-ins allow Rhino to read formats not natively supported by the software or to save models into formats not available in Rhino. They are compatible with **Rhino 4 and 5** (32 & 64 bits).

### Intuitive use

The use of the plug-ins is **very easy**: once installed, a "DATAKIT EXCHANGE" menu is added to Rhino. From this menu, you can, **from a single click**, perform any models import or export operations, in the formats you want.

### Why choose Datakit plug-ins ?

- **Easy** to install
- **Fast** data processing
- Regular **updates**
- **Responsive** customer support
- **"Batch"** processing available
- Supported data (depending on the format):

- ◆ Model **tree**
- ◆ **Parts & assemblies**
- ◆ **Geometry, wireframe, mesh, topology, Brep**
- ◆ Linear and angular **dimensions**
- ◆ **PMI, FD&T, GD&T**
- ◆ **Texts**
- ◆ **Attributes** (color, visibility, layers...)

### Imports and exports bundles

Datakit offers its plug-ins individually, or as "bundles": **Cut-price packages of several interfaces.**

3 Rhino plug-ins bundles are available:

- An **import bundle**, including 10 formats: ACIS, CATIA V4, CATIA V5, CGR, Inventor, JT, Parasolid, ProE / Creo Parametric, Solid Edge & UG NX.
- An **export bundle**, including 5 formats: CATIA V4, CATIA V5, CGR, JT and Parasolid.
- An **"import + export" bundle** gathering the two others.

The price of a bundle is only around 25% more than the price of a single plug-in.

### A large distribution network

Datakit works with many **Rhino** resellers who provide its CAD data exchange solutions **worldwide.**

Building on its experience in export, Datakit wants to further consolidate its distribution network. If you are a reseller, we invite you to join us!

Datakit also regularly attends the meetings organized by McNeel.
